\*\*\*This is a law reference journal. Chapter 28 Section G-1.

In accordance with Accrual based accounting procedures DHA recognizes Revenue in the period that the services are rendered and payments are anticipated to be collected. In addition, Employer/Individual Cost of Coverage expenditure is recognized during the period which payment is rendered for invoiced services. DHA does encounter instances where Employer/Individuals do submit payments prior to the month when services are to be rendered. These "pre-payments" have been reviewed and addressed during the year-end close process with a Deferred Revenue entry.
